ART TEMPLATES

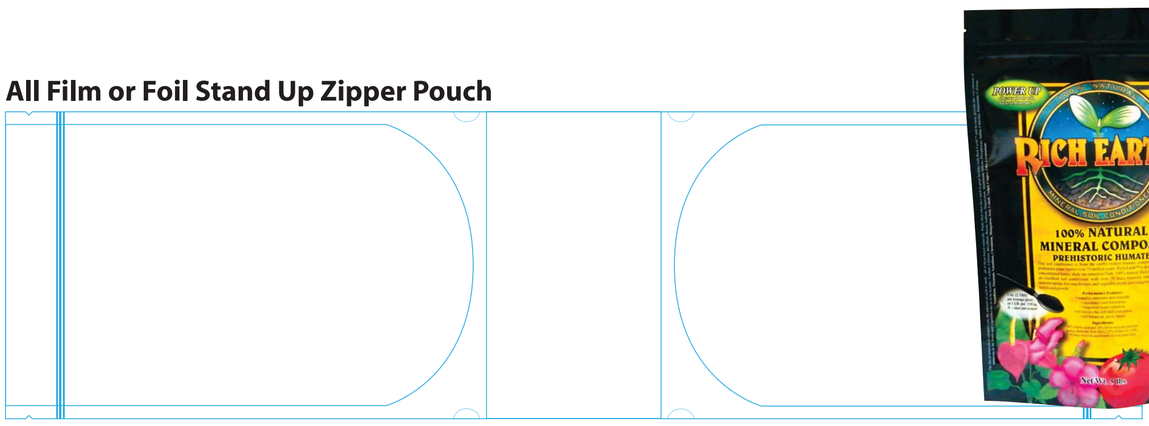

STEP ONE:
Choose the Structure or Type of Bag or Pouch for your product.

ARTWORK SPECIFICATIONS:
If you request art services from us we high prefer PC Adobe Illustrator files Saved As .ai with any and all photos or images attached and in .eps or .tif format typically created or edited in Adobe Photoshop. Images for press print need to be 300 dpi or higher, no .gif or low resolution .jpg files. Further, we do prefer you convert fonts to Outlines requiring no fonts with the artwork you send. Customers may still send rough concept art, or art in black and white laser print however, please note there will be time added for artwork recreation.
